

Nurse Advocate™ SYSTEM

NurseAdvocate™ AIO

All-in-One Computer featuring NurseSensor™

Built specifically for the “real world” clinical environment, this nurse-friendly All-in-One computer promotes patient privacy on your floors and decreases user-frustration. The NurseAdvocate™ AIO computer features NurseSensor™, an energy-efficient device that automatically eliminates wasted power and extends battery runtime without burdening your clinical team with additional responsibilities. On average, the NurseSensor™ device doubles the life expectancy of your batteries and decreases the overall cost of ownership for your mobile workstation.
